

# Economic components of Mexico

Understand and give information about the economy

1. What do you know about Mexico's economy? Complete the first two columns in this table.

What I know	What I would like to know	What I learned

2.  **Track 47** Complete the report with your own ideas. Then, listen and check.

*Hugo, read what I have. Help me complete my report – I swear, the dog always eats my homework!*

The major economic components of Mexico include \_\_\_\_\_, agriculture, \_\_\_\_\_, and energy and \_\_\_\_\_ resources. The service segment is Mexico's \_\_\_\_\_ contributor, with a 70.5% of its GDP (Gross Domestic Product) coming from \_\_\_\_\_, financial and banking services, hotel operations, health, telecommunications, and \_\_\_\_\_. As a percentage of GDP, agriculture only accounts for 3.9% as of 2006. Oil export is Mexico's \_\_\_\_\_ source of foreign income.

3.  Work in pairs. Do research about the local economy in your area. Write a report about it and present it to your group and teacher.
